

GUI_ProjectSummary – Show Project Summary

Robin Lamacraft 2017-06-21

SCOPE

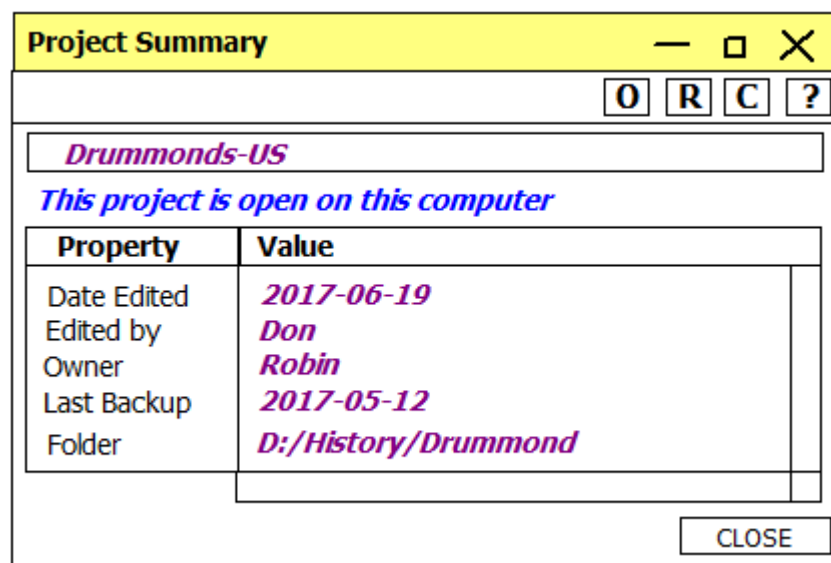

This GUI module is called from the Main Menu (GUI_Interface) or from a number of GUI_Project xxx.

NOTE: This module can operate on project that is opened or one that is selected to be restored.

LOOK AND FEEL

The screen has several parts:

- The upper right icon buttons provide the following universal features:
 - “O” enables Output of the new project properties list by sending the contents of the Project Properties tabular display to a file or to a printer
 - “R” displays the Reminder content for this screen
 - “C” enables the user to create and retrieve Configurations of this screen’s layout
 - “?” displays context Help about the use of this screen
- A scrollable display area which shows all of the properties of the currently selected project. The list of sizes, etc of the project components will be added to this scrollable list as they become available from the project database
- The “Close “button which closes this screen.

ACTIONS

The fundamental operations are:

1. Open the screen according to its saved screen Layout (BR_PanelConfig)
2. Populate the scrollable list of Project Properties
3. Close the screen and return.
