

# HRE

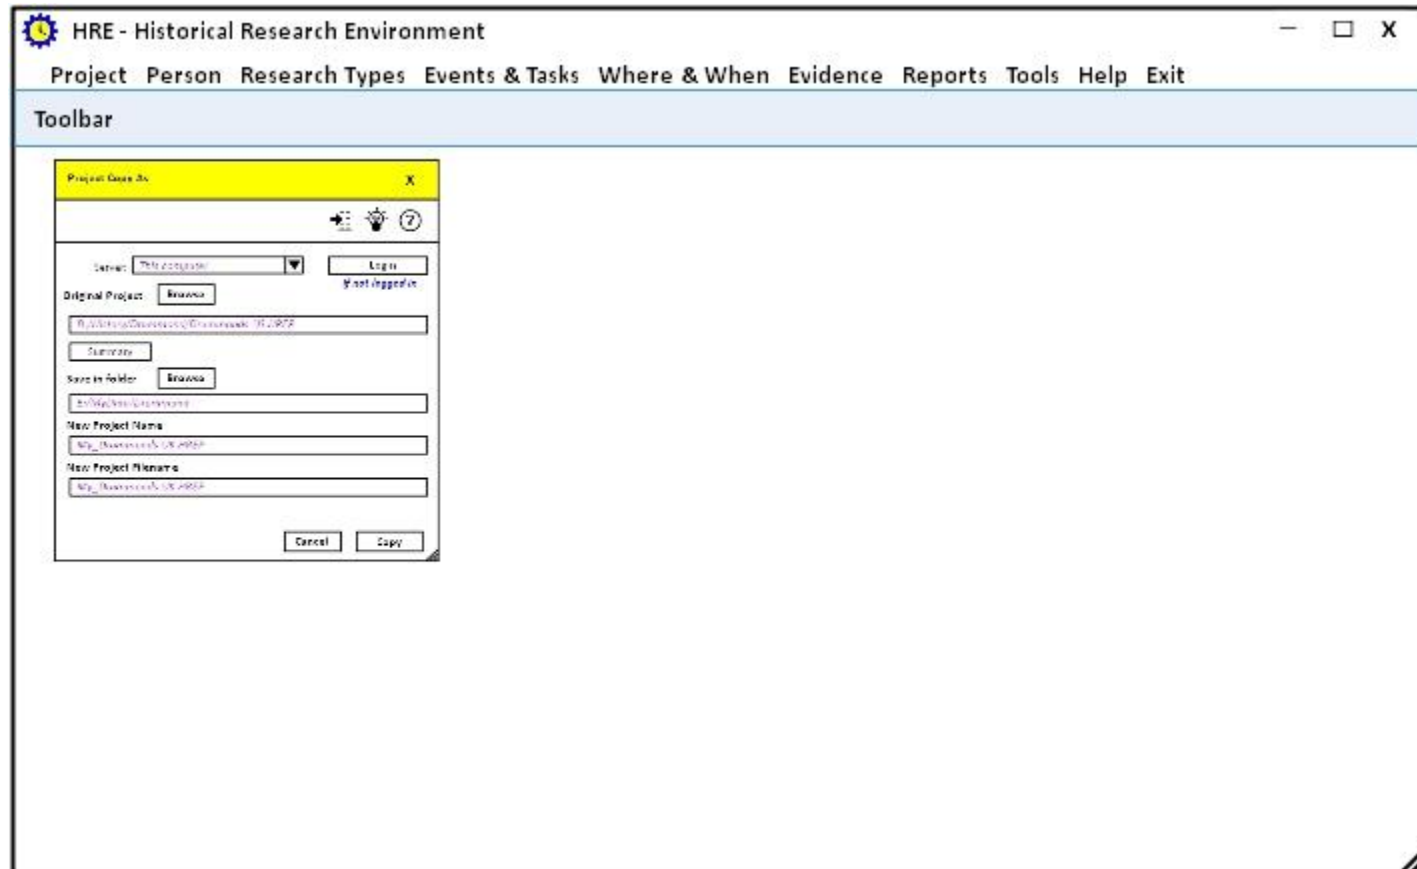

04.08 Project-Copy As

# Use:

- Called from the Main menu
  - Project > CopyAs
- Subject to User Rights
- Copy an existing project (H2 database and Project AUX file), giving it a new name; saving to a folder with a filename. Cannot save to same filename and folder.
- External file links retained
- New Project added to User AUX file

# Default location

- Main Display window only

# GUI window

The image shows a graphical user interface window titled "Project Copy As". The window has a yellow title bar with a close button (X) on the right. Below the title bar is a toolbar with three icons: a document with an arrow, a lightbulb, and a question mark. The main area of the window contains several input fields and buttons. At the top, there is a "Server:" label followed by a dropdown menu showing "This computer" and a "Login" button. Below the "Login" button is the text "If not logged in". To the left of the "Login" button is the label "Original Project" followed by a "Browse" button. Below these is a text input field containing the path "D:/History/Drummond/Drummonds-US.HREP". Below the text input field is a "Summary" button. To the left of the "Summary" button is the label "Save in folder" followed by a "Browse" button. Below these is another text input field containing the path "E:/MyData/Drummond". Below the text input field is the label "New Project Name" followed by a text input field containing "My\_Drummonds-UK.HREP". Below the "New Project Name" field is the label "New Project Filename" followed by a text input field containing "My\_Drummonds-UK.HREP". At the bottom right of the window are two buttons: "Cancel" and "Copy".
