GUI_Icon-Project Actions (New, Open & Close)

Revision history

2018-06-02	Rod Thompson	Original draft
2018-06-08	Rod Thompson	Create new images (32x32) and (48x48)
2018-06-11	Rod Thompson	Add ProectBackup and ProjectRestore

SCOPE

Icons are used extensively throughout the HRE application, in all window displays.
This document details use of the icon used to allow the user to:

- Create a new Project
- Open a Project
- Close a project
- Backup a project
- Restore a project

Each icon is in fact a button control, with a unique image that identifies its use without additional descriptive text
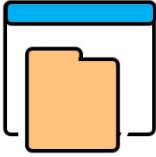

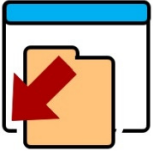

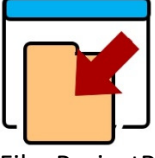

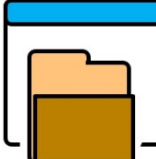

LOOK AND FEEL

Colour icons may be used in the main application window. (possible issues if user changes background palette)
Black & White icons will generally be used in sub-windows.
